

FIG. 1

FIG. 2

FIG. 3

FIG. 4

This diagram is a cross-sectional view of a complex, multi-layered cylindrical assembly. The outermost layer is labeled 46. Inside this, there is a layer 66. A central core is labeled 64. The core is surrounded by a layer 70. Within the core, there are two main sections, 72 and 74, separated by a central vertical line. The sections 72 and 74 are further divided into sub-sections 96 and 94. The entire assembly is supported by a base structure 58. Other components labeled include 44, 56, and 84.

This diagram shows a cross-sectional view of a complex, multi-layered cylindrical assembly. The central core consists of a series of concentric layers, including a central rod (72) and surrounding rings (70, 74, 76). The outer layers are composed of various materials, indicated by different hatching patterns, and are labeled with numerals 44, 46, 56, 58, 64, 66, 70, 72, 74, 76, 84, 94, and 96. The assembly is shown in a perspective view, with the central rod (72) extending through the center of the device.
